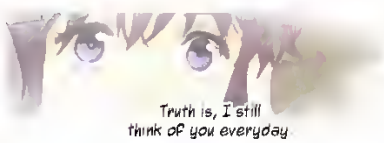
The you I saw in my dreams last night

For whatever reason
was laughing really hard.



To the point I
become empty.

And when the night falls

I go outside
without fail

Because you are .

always there

Your shining
figure

Those vivid
moments that
flow by.

Until the day I disappear,
those memories of you and I

comes to find me again.

To the place

where you said
I should be

너와 너 사이
